ABOUT US

A Swiss non-profit organization, ESCA CancerSupport offers free support in English to cancer patients, their families and caregivers.

Volunteers are at the core of our organization; even though we have a small paid staff, we are mostly run by our amazing 100 volunteers.

OUR VISION

Our vision is that no one has to face cancer alone.

OUR SERVICES

Among our 24 services, we offer professional therapy provided by our certified counsellors, a variety of support groups and therapies like mindfulness and art therapy, work and cancer coaching as well as physical activities like yoga and pilates, and community activities like Walk'nTalk and gardening classes.

WHERE WE ARE

Our main centre is located in Grand-Saconnex (Geneva), with counselling and some activities also in Lausanne. Many of our services are also available online, which facilitates access from anywhere in Switzerland.

We are currently reaching out to new parts of Switzerland, hoping that with our support many more people will feel less alone when faced with cancer. We welcome any help in spreading the word about our services.

buys heART Studio supplies for our 4-week course

WHY FUNDRAISE FOR ESCA CANCERSUPPORT

Visit our website to learn more about us: cancersupport.ch

DIRECT IMPACT

Fundraising proceeds go directly towards continuing to provide all our services for free to everyone. Whether you live in Switzerland or in a neighbouring region, we are here to help.

HELP WITH A GROWING ISSUE

Unfortunately, cancer is a leading cause of death nationwide meaning more people and their families face a cancer diagnosis and the challenges. Luckily the number of cancer survivors in Switzerland are growing but this means there is an increase in the need for services such as ours.

FOR ANYONE WHO NEEDS IT

Dealing with cancer, whether as a patient or a family member becomes additionally challenging when living in a foreign country, far from your support networks and dealing with an unfamiliar health system. ESCA CancerSupport can help with this, providing both professional support and advice as well as a warm and welcoming community and network of peers.

EQUAL ACCESS FOR ALL

To keep our services free and to ensure equal access for all, we rely on the generosity of both institutional and individual donors. We need your help to continue to grow our reach and ensure we can be there for anyone who needs our support. Every penny helps us help those dealing with cancer.
